

Logo Usage Guide

Rules for using the Living F, Halo, and FOP wordmark.

Primary Lockup

Use the approved FOP logo on Midnight whenever possible.

The P remains white, minimal, and undecorated.

Keep generous clear space around the mark.

Do

Use the approved lifecycle colours only.

Keep Halo energy subtle, smooth, and circular.

Use BUILD - ADVISE - PROTECT as customer-facing lifecycle language.

Do Not

Do not replace BUILD, ADVISE, or PROTECT with alternate stage names.

Do not use rainbow gradients, heavy streaks, or BMW-like blue/red styling.

Do not decorate the P or turn the Halo into a generic icon.
